

### Feature:

1. Square pole microphone design, high sensitivity, high-end and solemn appearance
2. Digital audio transmission technology, realizing audio signal transmission and processing, resisting mobile phone, electromagnetic and high-frequency interference
3. The connection between the microphone and the host adopts a special 6-core T-shaped cable. The unit comes with a tail wire, which can effectively prevent the plug from falling off.
4. Use cardioid directional microphone, red indicates speaking
5. The microphone adopts lossless audio technology, which is higher than CD sound quality and is clear and bright.
6. It has speech timing and scheduled speech functions, and the speaker time is controlled by PC software
7. The chairman has a priority function and can turn off the microphones of all representatives who are speaking.
8. The square pole design is solemn and beautiful, reflecting the unique characteristics of the participants.

### Specification:

Microphone type	cardioid directional electret
Microphone frequency response	50Hz~18KHz
Microphone input impedance	1K $\Omega$
Sensitivity	-35dBV/Pa
Signal-to-noise ratio	>80dB
THD	<0.1%
Output frequency response	50Hz~18KHz
Maximum power consumption	1W
Connection method	special 6-core wire
Dimensions (mm)	length*width*height, Microphone pole: 230*38*27, base: 138*98*54
Weight	1Kg
